- Mar 2 – Navigating Your Web Site
- Apr 2 – Dress Then Up & Take Them Out to The Web
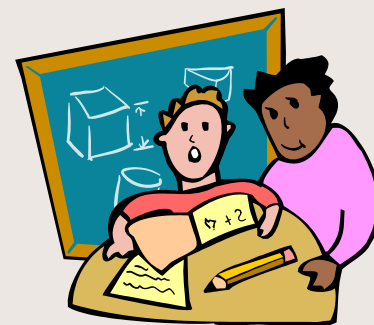

Course Structure

- Monthly Projects Related to Online Course Topic
  - Determine objectives for web site
    - Prior to course starting
  - Outline kinds of pages to include
  - Storyboard at least 4 pages, using PowerPoint
  - Map navigational system
  - Implement at least 4 pages
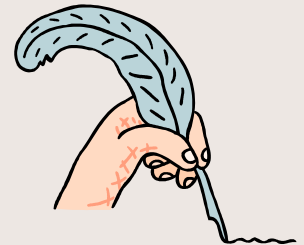

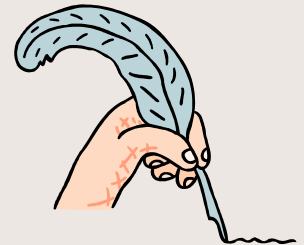

Course Grading

- Attendance
  - Present for all online classes (2 pts)
- Online Classroom Discussions
  - Contributed to class, ask/answer questions (2 pts)
- Online Discussions
  - Ask/answer on threaded discussion, provided 3 peer reviews (2 pts)
  - Provided 1 peer review (1 pts)

Course Grading

- Projects
  - Completed and submitted projects, including Pre-Course Evaluation (2 pts)
  - Complete and submitted, at least web site for review (1 pts)

- PDE Act 48 credits for 70%
  - (6 pts out of 8 pts)

Web Site Development for Classroom Teachers
In-Service Curriculum

WELCOME

Wish you could develop a web site for your classroom, but don't know where to start?

Web Site Development for Classroom Teachers
is your answer.

The classes will be taught **on-line** !! You don't have to leave your classroom. You will learn everything to get you started during the four (4) **Winter/Spring Teacher In service Classes**.

ANNOUNCEMENTS

- Sign up now using the registration form included in the Teacher In service packet.

- First class – January 2, 1:00pm – 2:00pm. Please refer to the **Syllabus** for pre-class directions.

INSTRUCTOR
Anita Wood. For more information, see About Instructor

In-Service Curriculum

OVERVIEW

When you complete this course you will be able to develop your own content-rich, visually attractive web sites for your classroom. The course is geared to those comfortable with the Internet and with a knowledge of creating a basic web page in Microsoft Word or FrontPage.

COURSE TOPICS
The projects completed each month will lead you painlessly and gracefully to a web site you can use in your classroom. Topics during this development include:

- How to decide what you want your classroom web site to accomplish by looking at examples.
- What kind of pages should be included and develop an intelligent navigation system.
- How to create aesthetically appealing web site.

A complete list of Objectives can be found in the **Syllabus** in **COURSE DOCUMENTS**.

COURSE SCHEDULE
This course is scheduled during the monthly Teachers Days (Jan, Feb, Mar, Apr), at 1:00 - 2:00 pm.

GETTING STARTED
It is necessary to have certain resources available to be used during class and some tasks must be completed prior to the first Online Class. Refer to **Getting Started** in **COURSE DOCUMENTS**.

COURSE TOOLS
This course will use both **Blackboard** and **Centra** as resources. Refer to the **links in the navigation bar** for further information about each.

Class Schedule

Classes will be conducted online during the following dates and times.

Jan 2, 1:00 - 2:00 "WOW Look What They Did!"
Feb 2, 1:00 - 2:00 "Storyboarding Your Web Site"
Mar 2, 1:00 - 2:00 "Navigating Your Web Site"
Apr 2, 1:00 - 2:00 "Dress Them Up & Take Them Out To The Web"

Please log into the Centra classroom site at least 10 minutes prior to class so you can do a sound and system check. Link: http://virtualtraining.bloomu.edu

Welcome

This course is part of an In-Service Curriculum for the Millville School District.

There are some materials and activities you will need to have or to complete prior to the first on-line course. Refer to Getting Started in COURSE DOCUMENTS for a list of these.

I look forward to meeting each of you and together we will learn about developing a web site for your classroom.
